

**Alpha Unpublished Grave Inscriptions from Najran
(6-8 AH / 12-14 BCE) "Archaeological Artistic and Analytical
Study"**

Yasser Ismail Abdel Salam

Abdulaziz Mansy al-Omari

This paper deals with the study of thirteen unpublished Grave Inscriptions from Najran in the Museum of Najran, Antiquities and Heritage, which mostly dates from the sixth century AH-eighth century AH (twelfth century CE–fourteenth century CE). The authors will analyze types, decorative elements, and linguistic formulas.

Finally, the authors will compare the undated inscriptions with those of Najran and of other regions of Hijaz, particularly from Mecca.
